ADECO Project Engineering B.V West Africa Limited is a recognized quality provider for bespoke Engineering Solutions and we are committed to understanding and meeting the quality needs and expectations of our customers. ADECO is known for its professional response and ease of doing business.

We are committed to providing our customers with the highest quality engineering solutions and services that meet or exceed their expectations. To achieve this, we have established and implemented a Quality Management System that complies with the ISO 9001:2015 standard and best practices.

ADECO Project Engineering BV West Africa Limited is committed to:

- Meeting our customers' requirements by Providing them (both internal and external) with products and services that are of high quality, reliable, and ensuring continuous customer satisfaction in our service delivery.
- Encouraging open communication and feedback from our customers and stakeholders to identify opportunities for improvement.
- Providing a framework for setting quality objectives suitable for our quality management system.
- Ensuring that our employees are trained, competent, and motivated to deliver quality products and services.
- Ensuring that our suppliers and subcontractors meet our quality requirements and standards through communication of our quality requirements.
- Complying with all applicable legal, regulatory, and customer requirements related to our products and services.
- Continually improving our QMS to ensure that it remains effective and efficient in meeting our customer's needs and expectations.

We are committed to achieving our quality policy objectives through effective planning, implementation, and monitoring of our QMS, and this quality policy shall be reviewed as per need to ensure its continuing suitability and effectiveness.
